# RESIDENTIAL INTERIORS

## **AB** INTERIOR DESIGN STUDIO

AB Interior Design Studio is a full-service design studio based in Santa Barbara and Los Angeles that is quickly expanding in the hospitality industry. Our diverse portfolio of projects ranges from hospitality, food and beverage, and residential. Miguel Cuadros leads a multi-talented team of interior designers and interior architects. Miguel is an acclaimed designer and interior architect with an extended global portfolio of luxury residential projects. His principle of design philosophy is about provoking new ways of thinking of what luxury means. His creative visions have been defined by a seamless alignment of cultural and design sensibilities, modern luxury, art and craftsmanship.

Maritza is the Lead Interior Designer. Coming to AB design studio six years ago was for Maritza Best the culmination of a long journey: her dream job. She combines her natural eye for design with tenacity and a resourcefulness to get things done, as evidenced by over 50 different projects she's touched in six years at the firm.

Margitha Gallagher is the Lead Interior Designer in our Los Angeles studio. She has an outstanding career with a vigorous design portfolio and a mixture of residential hospitality. Her wondrous career started at Hirsh Bender Associates more than 20 years ago. Since then, she has worked with many prestigious design firms. You will find Margitha preparing new design concepts, sourcing through new finishes and collaborating with her extensive vendor connections to respond and exceed her client's expectations in the ever changing traveling and leisure industry.

Troy Montenegro is a Job Capitan who brings dedication and substantial experience in the field of Interior Design and Hospitality. He has served 16 years in various international interior design firms. Much of his abilities are utilized to develop functional goals for interior design projects in various residential and high-end resorts both in the United States and abroad.

# SERVICES

AB Interior Design Studio is a passionate and creative group of designers, artists and architects with a commitment to design excellence who thrive on collaboration with innovative design ideas.

Our goal for each project is to combine expertise and creativity to craft aspirational lifestyle spaces. Every endeavor is a collaboration between the Client and the AB design team. Communication is our primary skill set. We work with our Clients to find various options and the very best aesthetic and functional solutions. Most importantly, to establish an intangible, emotional connection between guests and the brand.
